Los equinos fueron examinados y estaban clínicamente sanos en la fecha de la exportación.
2. The horses will be transported in cleaned and disinfected vehicles, and do not come into contact with any other animals during travel.
Los vehículos utilizados para el transporte de los animales a la frontera, deberán ser sometidos a limpieza y desinfección antes del embarque y no están en contacto con otros animales durante el traslado.
3. The VS FORM 10-13 (Owner/shipper certificate of fitness to travel to a slaughter facility) must accompany the horses.
Los caballos viajan acompañados del formato VS FORM 10-13 (Certificado de aptitud para ser transportados a un rastro).

OTHER INFORMATION

1. The importer will present the VS FORM 10-13 to officials of the Mexican OISA, who will review it and send it, later, by pre-paid Federal Express air bills, to the Animal and Plant Health Inspection Service (APHIS) offices in Riverdale, MD.
2. Upon arrival, the horses will be inspected by a veterinarian of the Animal and Plant Health

Inspection Office (OISA) in installations authorized by the Secretaría de Agricultura, Ganadería, Desarrollo Rural, Pesca y Alimentación (SAGARPA). After inspection, the trucks will be sealed before travel to their plant of destination.

3. The importer must present to OISA officials the original copy of the contract signed with the slaughter plant where the sacrifice will take place or the contract signed with the unit of animal health regulation that will receive the horses and send them only for slaughter. In both cases, the contract must be witnessed by SAGARPA personnel in the State of destination of the horses and by the veterinarian responsible for inspection at the slaughter plant in the first case, and for the responsible veterinarian in the second case.
4. The importer must declare the transportation route of the shipment until its final destination, indicating the zoosanitary inspection points where the shipment will be submitted to inspection.
5. The OISA will notify the SAGARPA delegation in the State of the shipment's final destination the following information: name of the importer, import certificate number, seals list, number of horses imported and shipped, name of the transportation company, number of the transportation jail plates, date and time of the import, and estimated date and time of arrival to the final destination.
6. The only people authorized to break the seals are the slaughterhouse veterinarians or veterinarians of the unit of animal health regulation of destination.
7. The shipment and documentation must comply with the dispositions of article 24 of the Federal Law of Animal Health.
8. Slaughter horses may enter Mexico only through the Eagle Pass, TX; Brownsville, TX.; Laredo, TX.; Del Río, TX; Presidio, TX; Santa Teresa, New Mexico; Nogales, AZ; and San Luis, AZ border-port crossings.
